Use an Embossing Pad

To Remove

**DEAD SKIN CELLS
& WASTE**

From Your Skin

HOW TO USE

사용 방법

01

Clean up the dirt on the uneven or curved areas of the skin **with** embossing surfaces.

02

Absorb the remaining residue **with a plain side** and smooth out the skin texture.

TIP!

Apply it on areas that are dry or need to be soothed and **use it like a Mask Sheet!**

3-STEP FOREIGN MATTER REMOVAL SYSTEM

in the manufacturing process of YourCares's pure cotton pad

01 Cotton Harvesting and Separation of Foreign Substances

After harvesting the pure cotton, remove foreign substances such as shells through wires.

02 Yarn Processing

Attach lamps and CC cameras to the process to remove non-cotton fibers or foreign substances.

03 Fabric Inspection

Remove the foreign object once more using the lamp and the CCD camera.
(Automatically attach a sticker to the foreign object and remove the relevant part before delivery)
